

Science

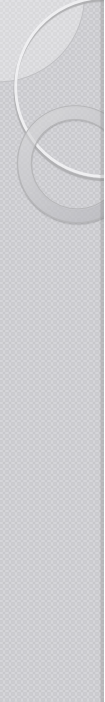

Scientific Inquiry
(skills and language related to science)

- 1.0 Observation and Investigation
- 2.0 Documentation and Communication

Physical Sciences

- 1.0 Properties and Characteristics of Nonliving Objects and Materials
- 2.0 Changes in Nonliving Objects and Materials

Science: Learning Experience 12 <http://www.wested.org/facultyinitiative/> 2

Science

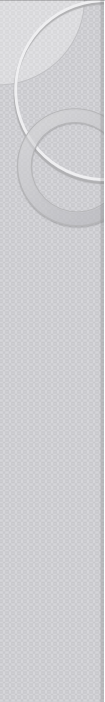

Life Sciences

- 1.0 Properties and Characteristics of Living Things
- 2.0 Changes in Living Things

Earth Sciences

- 1.0 Properties and Characteristics of Earth Materials and Objects
- 2.0 Changes in the Earth

Science: Learning Experience 12 <http://www.wested.org/facultyinitiative/> 3

Science

- Read the summaries of the science foundations, the physical development domain, and the health domain.
- Develop a visual representation of the relationships between some strands of the science domain and the domains of physical development and health.

Science: Learning Experience 12 <http://www.wested.org/facultyinitiative/> 4

Science

Science Domain	Physical Development Domain and Health Domain
<i>Physical Sciences</i> Substrand: Properties and Characteristics of Nonliving Objects and Materials	<i>Physical Development</i> Substrand: Fundamental Movement and Skills
<i>Physical Sciences</i> Substrand: Changes in Nonliving Objects and Materials	<i>Physical Development</i> Substrand: Perceptual-Motor Skills and Movement Concepts
<i>Life Sciences</i> Substrand: Properties and Characteristics of Living Things	<i>Physical Development</i> Substrand: Active Physical Play

Science: Learning Experience 12 <http://www.wested.org/facultyinitiative/> 5

Science

Science Domain	Physical Development Domain and Health Domain
<i>Life Sciences</i> Substrand: Changes in Living Things	<i>Health</i> Substrand: Health Habits
<i>Earth Sciences</i> Substrand: Properties and Characteristics of Earth Materials and Objects	<i>Physical Development</i> Substrand: Fundamental Movement Skills
<i>Earth Sciences</i> Substrand: Changes in the Earth	<i>Health</i> Substrands: Safety and Nutrition

Science: Learning Experience 12 <http://www.wested.org/facultyinitiative/> 6

Science

- What discoveries did you make while you were doing this?
- Where were the greatest challenges? How did you overcome them?

Science: Learning Experience 12 <http://www.wested.org/facultyinitiative/> 7

Science

- What new ideas about early learning and development emerged?
- What more do you want to find out about regarding the domains you worked with? How could you get that information?

Science: Learning Experience 12 <http://www.wested.org/facultyinitiative/> 8
